Dear friends of PKF — Prague Philharmonia,

The motto ‘Touch the Sound,’ marking the 25th jubilee season, provides a great platform for your as well our imagination.

Once again, we believe that we have managed to create – from a vast palette of contrasts – a splendid, coherent programme line. We shall travel across the world of music from Europe all the way to the Pacific Ocean. Ludwig van Beethoven’s work will be again explored. At a special concert and within the Beauty of Today series we shall mark the centenary of the birth of the Czechoslovak Republic, including an all evening world premiere in a site-specific performance. In the (K) series the tremendous scope of the PKF — Prague Philharmonia chamber music players and their high technical and artistic standards will be on display. And of course, our youngest audience has not been forgotten; the ever-popular elves Šíma and Lupi look forward to meeting them again.

The donor’s PKF — LOBKOWICZ subscription series also enters its second season, in its first year it found dozens of fans who have become PKF — Prague Philharmonia supporters. I would like to take this opportunity to wholeheartedly thank all those who support PKF — private as well corporate donors and public organisations. Let me point out that for us your support is not only a great motivation, but also a serious commitment.

I believe that you will be inspired by the programme of our 25th jubilee season. And I look forward to seeing you again in your beautiful homeland. Seeing again those who have already been with us, the PKF, on our journey of the love of music, as well as meeting newcomers at our concerts.

See you at the PKF — Prague Philharmonia concerts!

Yours Emmanuel Villaume
Artistic Director and Chief Conductor

Hey Hoopla,
Yippee Yippee!
What are they up to?
Šíma and Lupi?
Enjoy! In each session
You’ll meet many a profession!

Vocations make music
In the 2018—2019 season in each of the four meetings
with Šíma and Lupi we shall act out various professions.
The environments linked to these professions will allow
children to immerse themselves into various areas of music.
For a big feast we shall spice up the food with colour and
sound, at the Olympics we’ll workout with melody, at a market
we’ll generate rhythm and tempo and finally we shall build a city
on solid foundations of musical forms. Come to us and together
we shall stimulate your children’s imagination and meet music
in unexpected contexts!

Script, musical dramaturgy and direction:
Šárka Krejčí and Veronika Poldauf Riedlbauchová
